## ESCAPES FROM CAPTORS

**Gets Away While Night Riders  
Dispute Over His Fate.**

**FIRE SOME SHOTS AT HIM.**

Jumps From Guards, Dashes Into Bayou, Swims Across In the Darkness, Lost in the Woods, Found Near Tiptonville and Taken There.

Tipton, Tenn., Oct. 21.—Colonel R. Z. Taylor has arrived at Tipton safe and sound.

Colonel Taylor says the masked men got into a dispute among themselves as to what to do with him, some favoring killing him, while others wanted to hold him so as to force a concession to the demands for free fishing in Reed Foot lake. While the night riders disputed Taylor jumped from his guards, dashed to the edge of a bayou leading from the lake and plunged in, swimming across. He was fired on several times by the night riders, but escaped in the darkness. He was lost in the woods, and when daylight came was afraid to go back to Walnut Log. He was found near Tiptonville Wednesday morning.

**Motion to Advance.**

Washington, Oct. 21.—There was an echo of the Brownsville "shooting up" incident Tuesday when in the supreme court of the United States a motion to advance the case of Oscar W. Reid on the docket was filed in Reid's behalf. Reid belonged to the Twenty-fifth infantry, and the president dismissed him without honor on the charge of being implicated in the riot at Brownsville Aug. 13, 1906. The suit is to compel payment of Reid's salary to the expiration of his enlistment. The attorney general concurred in the motion to advance, and the case probably will be argued in December.

**What Governor Says.**

Union City, Tenn., Oct. 21.—Governor Patterson has arrived on the scene and is directing operations from this point. One hundred and fifty state militiamen, under command of Colonel Totem, which left here Tuesday night, reached Union City at an early hour Wednesday morning and will be distributed throughout the disturbed district.

Governor Patterson in a statement said: "I offered the largest reward the law will permit for the arrest and conviction of the assassins of Rankin and also ordered out troop to meet me at Union City. I believe the military to be the last resort in a state governed by law, but the time has now come when it is my duty as governor to use all the power at my command to restore order in the region where the assassination occurred, and assist the courts in the apprehension and punishment of the perpetrators."

**Why He Changed.**

Salt Lake City, Oct. 21.—Frank S. Monnett, former attorney general of Ohio, addressed a large gathering at a theater.

Mr. Monnett, after discussing the principal issues of the campaign, said: "The reason I left the Republican party and advocate the election of Bryan is due to the fact that while I was prosecuting the Standard Oil trust in Ohio, and had every reason to expect a successful issue, the Republican campaign fund in Ohio was swelled by contributions by the Standard Oil company, and in return the company allowed to name the personnel of the supreme court of Ohio, whereupon all Standard Oil cases were promptly dismissed. Then I became a Democrat."

**Killed by Legislator.**

Dadeville, Ala., Oct. 21.—Jack Henderson, a farmer of Tallapoosa county, was shot and killed on the public square by J. Fletcher Turner, representative in the lower house of the legislature from this county. The shooting is believed to have been the result of an old feud between the two men.

## FOUR BURN TO DEATH.

**Hudson River Steamer Ignited  
and Is Consumed.**

Newburgh, N. Y., Oct. 21.—By the burning at Marvel's ship yard of the Hudson river steamer New York four persons lost their lives. They were Isaac Jenkins, James Jones, Alexander Bran and Joseph Matthews.

The fire had its origin of the explosion of a lamp between the decks. The steamer cost more than \$500,000 and was lengthened at a cost of \$40,000.

**NIGHT RIDER RAVAGES.**

This and Matter of Gin Burning to Come Up at Memphis.

Atlanta, Oct. 21.—Night riding and the burning of numerous gins in the south, in addition to the general cotton situation, will be discussed by the delegates to the convention of cotton growers, merchants and ginners at Memphis Nov. 10, 11 and 12. It is expected 1,000 ginners will attend, besides representatives of other cotton interests.

President Harvie Jordan of the Southern Cotton association was asked what action would be taken.

"That is a question for the convention to decide," he said. "That it will come up for discussion I have no doubt. That night riding exists in many southern states and lives and property endangered by it there can be no doubt. The situation is a grave one and unprecedented, so far as I know, in the cotton belt. The situation that existed in Kentucky is being repeated here."

**Volley of Criticism.**

Newark, O., Oct. 21.—"I say the little ward heeler who goes around and bribes a man for \$5 has a moral character beside the man who attempts to use his power to threaten those who work for him and buy them by promise of increase or threaten them by promise of decrease of wages."

"Thoroughly aroused by what he termed a new menace through the publication of a dispatch stating the officials of the New York Central railway lines had summoned workmen and informed them that if the Democrats won the election there would be a 10 per cent reduction of wages, but if they lost there would be an increase in wages, W. J. Bryan, in a before-breakfast speech to a vast throng poured a volley of criticism into the Republican party for their alleged campaign tactics. He threw into his utterances all the vigor he is master of and his words were greeted with loud cheers."

**Brown Given Present.**

Terre Haute, Ind., Oct. 21.—Before an audience of over 6,000 persons the Chicago National Baseball league club, champions of the world, defeated Detroit, the American league champions, 7 to 1. Mordecai Brown, one of Chicago's pitchers, who is a citizen of Terre Haute, was presented before the game an elegant silver service by citizens. He pitched several innings. Cobb of the Detroit team carried off the batting honors, with four singles in four times at bat.

Few men realize the influence that dress has upon them. Man thinks that he is an unbiased being, open to conviction, to sound logic, to unanswerable argument. Fond delusion! He is open to nothing except to the eloquence of a few yards of silk and to the persuasion of soft laces.—London Graphic.

## Bryan Morning Eagle

By THE EAGLE PRINTING CO.

Entered at the Postoffice in Bryan, Texas, as second class matter.

BRYAN, TEXAS, OCT. 22, 1908.

John Nondescript Simpson can safely make the most extravagant promises about what he will do when elected governor. He knows he won't be elected.

Alas! there is no unadulterated blessing in this world. Just think of the petitions of applicants for postoffices we shall be asked to sign after Bryan is elected.

Those Brownwood boys who posted night rider notices "just for fun" ought not to be severely punished. A shingle or a leather strap is what they need.

"Let us not overlook the fact," says the Galveston News, "that some of the night rider reports are wholly baseless."

while others relate to incidents that have grown out of mere boyish pranks."

The fact that the action of the State text book board excites bitter controversy is of itself sufficient evidence that this plan of selecting books for the school is bad. The board should be composed of teachers, not politicians.

"Public office should not be regarded as a family asset," says the San Antonio Republic. True as gospel, but your idolized Roosevelt is trying to convert the highest office on earth into "a family asset," and you are helping him.

State Press of the Galveston News gives this picturesque description of Webster's spelling book, which some old people will recognize: "It had a blue back with a red binder, and on the fly leaf was the picture of a tall girl in a directoire skirt leading a little boy in his shirttail."

William Jennings Bryan is one of the monumental characters that appear now and then in history. Such

were Cyrus the Great, Solon, Numa, Pampilius, Charlemagne, William Pitt and Thomas Jefferson—men of colossal stature, but none greater than William Jennings Bryan.

Citizens of Honey Grove have petitioned Governor Campbell for rangers to enforce the local option law. Honey Grove is in Fannin county where there are few negroes. It does look like the local officers could enforce prohibition there if it can be done anywhere in a town of that size or larger.

The colleges and universities, the academies and high schools are running all to football, more so than ever before and some old fogies are wondering how their boys find time for study. The fact is those who belong to the teams do not study much, but they include only a small number, comparatively.

In honor of the American fleet, Japanese newspapers were printed in the English language and Japanese school children sang American national airs in English. If a Japanese fleet could visit New York or San Francisco could American newspapers and American school children return the compliment?

The publisher of the Rockdale Reporter and the business men of Rockdale (with only one exception) have signed a contract, one of the stipulations of which is that the paper is to be neutral on the prohibition question. This means that the business men of Rockdale do not approve of an agitation which would produce internal strife. "Blessed are the peacemakers."

Lost—Between College and my home, gold stone heart shape locket with gold chain attached. Suitable reward for return. L. F. Battle R. F. D. No. 4 d3tw1

The Bryan Eagle can cease its efforts for a cannery. The people on the 3d of November will see to it that Bryan is properly and effectively canned.—San Antonio Republic. Your generosity overwhelms us, but since your prediction that Simpson will be selected governor of Texas suggests a misgiving as to your ability to deliver the goods, we shall continue our efforts for a cannery.

If the Farmers' Union men stand together and keep a pushing they will sooner or later succeed in their effort to regulate the price of cotton. Thackeray, the novelist philosopher says: "By pushing steadily nine hundred and ninety-nine people in a thousand will yield to you. Only command persons and you may be sure that a good number will obey." It is not the intermittent jerk but the everlasting push that gets results.

Those who plead in extenuation of hazing that "the boys mean no harm" should remember the old proverb about the material used for macadamizing the road that leads to the infernal city. They certainly mean no good. After all is said, hazing is the gratification of the same brute instinct that causes many species of animals and most savages to attack a stranger of the same species; for instance, when a new dog comes to town the town dogs jump on him. If students and school boys will follow the example of natural brute beasts they should imitate their best instead of their worst qualities.

Never before have you had the selection of Haviland China in Bryan to choose from as I now have on sale in sets and open stock. Our prices are less than is charged in the larger cities for the same quality of goods. Tyler Haswell. d27791

### Wedding at Wellborn.

Mr. Arch Calhoun Graham of this city and Miss Ruby Irene LeFebure of Wellborn were married at the residence of the bride's parents in the latter city last night at 8:30 o'clock.

Among those from this city who left yesterday afternoon to attend the event were, Mr. and Mrs. J. W. Hamilton, Mrs. Ransome and son, Early Mrs. M. E. Wallace, Mr. and Mrs. Hugo Jahn, Miss Elliott, Miss Maggie Dawson, and Mr. C. D. Dawson.

Mr. Graham, attended by his brother, Mr. DeWitt Graham, and groomsmen, Messrs W. C. Boyett and J. H. Suber, drove over in a carriage later.

Mr. Graham and his bride are well known and popular in a wide circle of friends. Both are natives of this county. Mrs. Graham is the daughter of Judge LeFebure, justice of the

peace of Wellborn precinct, and agent of the H. & T. C. railway at that point.

Mr. and Mrs. Graham have the kind wishes of a large number of friends throughout this section.

Tomorrow night Rev. Whitaker of Weatherford will preach in the tent near the Masonic building. Services begin at 7:30 o'clock. Mr. Whitaker is the prospective pastor of the Free Baptist church of this city.

The non-arrival of the corpse of Amos Atkins, colored, disappointed a large funeral party gathered at the H. & T. C. depot to receive it when the train came in from the north. Atkins formerly lived here. He was about 35 years old and died suddenly Tuesday morning at Dallas.

## LEGGETT RETURNS.

Former Football Player and Popular Student Comes Back to Take Up His Work.

From the Battalion.

Sunday morning Willie Leggett, one of the most popular students that has been here in recent years came in to take up his work. Besides being a fine student and a man of character and determination, Leggett is a football player with a fine knowledge of the game. Coming as he does at this stage of the game he will be quite an addi-

A. W. LEGGETT.

tion to our team. For the last three years Leggett has been on the football team working hard and doing much toward upholding the honor of A. & M. on the gridiron. As a quarter back he is quick and speedy and withal as cool and collected as if making end runs and tackling opponents was the simplest thing out. Not only does he handle the pig skin at quarter but on the end he gets 'em coming and going. Though small in stature he has the weight and speed which count for most in a gridiron battle. This year our team is composed mostly of new men but when a man like Leggett comes in to take his place in the ranks it is a source of inspiration to those who are out trying to help the team and it should make the big husky Freshmen who will not go out so ashamed of themselves that they will make for the tall timber.

A. & M. BUCKS L. S. U.

From the Battalion.

Last Saturday A. & M. went down in defeat before the veterans of the Louisiana State University from Baton Rouge. The score 26 to 0 was made by two touchdowns and a field goal in the first half and two touchdowns in the second.

When our men trotted out for the contest at Pelican Park in New Orleans they found the bleachers lined with yelling college men and football lovers. Rain was falling and it was not long till the intermittent showers made the gridiron slippery and soft. In spite of this drawback our team put up a good fight and made the Louisianaans work for their score.

A. & M.'s line was strong and the punting of Fenton was the chief source of gain for Louisiana. Heidelberg at center played well and broke through the enemy's line time and time again. DeWare went into the game as quarter back but was put on the end during the second half. He was the only one of our men to get layed out and he did not let this keep him from doing his duty and regular good work in his position. Hamilton was much handicapped by the nature of the field and could not make any of his fast runs. His work was good and it was not long before the enemy knew him.

Roberts put on the real article in football and worked like an old timer. Parker played a fine defensive game and equally as good on the offensive. Lillard got in good work during the first half but was relieved by Cretcher in the second, who held his own without any trouble. Hooper was pitted against the man who broke Cornell's leg last year but the San Antonio boy never gave him an inch. Huston was always on hand with the goods and kept the other team from raising the score. Darbyshire and Taylor, the half backs, were in the whole game and acquitted themselves in good style. Darby is as hard as iron and Taylor

never knows an obstacle when once he gets the ball. McDonald and Stinson played the game with ginger.

When everything is considered the defeat does not look so bad. The fact that one of our best men was out of the game, the slippery field which prohibited the use of the forward pass and the recent illness of Coach Merriam all conspired to set us back from what we would have been with better conditions. We can hope for the better with Rugel back in the game, Leggett at quarter and DeWare one end.

The following men made the trip: U. A. Merriam, coach; D. B. Harris, manager; Heidelberg, Lillard, Allen, H. B. Cretcher, Huston, Parker, Hooker, McDonald, Stinson, DeWare, Roberts, Hamilton, Taylor, Scarborough, Darbyshire.

The team returned Sunday at noon. The line-up:

Louisiana.	Position	Texas.
Hillman...	Center...	Heidelberg
Pollack...	Right guard...	Lillard
		Crutcher
Thomas...	Left guard...	Huston
Gandy, capt...	Right tackle...	Parker
Noblett...	Left tackle...	Hooker
Gill...	Right end...	McDonald
		DeWare
Stovall, R. F...	Left end...	Roberts
Fenton...	Quarter back—DeWare, capt.	Stinson
		Hamilton
Lally...	Right half...	Taylor
C. Smith...	Left half...	Taylor
B. Smith...	Full back...	Darbyshire
		Harvey

Officials—Halligan, referee; J. C. Sammers, umpire; Joe Curtis, field judge and linesman.  
Time of halves—Twenty-five minutes.

## SENIOR CLASS MEETING.

From the Battalion.

At a recent meeting of the Senior class officers for the coming year were elected. D. M. Shearer of Lufkin was made president, W. H. Furneau, of Dallas, vice-president, R. E. Huckabee of Temple, secretary and treasurer and M. H. Weinert, historian. The senior class this year while not very large in numbers or great in stature has the spirit to put forward any enterprise they undertake. It has the opportunity to do great things this year and to make the class of '09 a name to be proud of.

## ADVANCED ON DOCKET.

### Important Case Is to Be Heard at Austin Nov. 11.

Austin, Oct. 21.—The case of the state against County Attorney Brady of Travis county was advanced by the court of civil appeals and set for submission Nov. 11. This case is important, as it involves the construction of the anti-trust laws of 1890 and 1903 as to whether Brady is entitled to fees collected in a number of anti-trust suits, amounting to about \$6,000. Former District Attorney Moore of this county and the late Jeff McLean, county attorney of Tarrant, got fees in similar cases, and the determination of this case will settle the question whether they were entitled to these fees or not.

Commissioner of Insurance Love addressed a letter to all the life insurance companies calling attention to the insurance law, which requires these companies to make certain investments in Texas securities on or before June 30 and Dec. 31 of each year and report such investments to the department within thirty days after these dates. In the past some companies have failed to comply with this law within the time prescribed, and the commissioner proposes that each company shall comply with the law to the letter.

### Brought to an Issue.

Austin, Oct. 21.—The textbook matter has been unexpectedly brought to an issue by a warrant being issued in Justice Moore's court for Charles D. Morris, a trustee of Fiskville school district, north of Austin, on charge of "unlawfully preventing the use of certain text books in the public schools." A warrant placed in the hands of the sheriff. Subpoenas of duces tecum were issued for Governor Campbell, State Superintendent Cousins and Miss Annie Bonner, latter a teacher in the Fiskville school. The case was set for Thursday before Justice Moore.

### Taking Testimony at New York.

Austin, Oct. 21.—A telegram from New York states that Assistant Attorney General Lightfoot and County Attorney Brady of Travis county were taking testimony at that city in the Texas ouster penalty suits against the American Book company, an alleged trust. The head officers of the company were summoned. The Texans are trying to prove a trust is operating in Texas through the University Publishing company, and that the trust is paying Austin lobbyists.

### "Night Rider" Writes Neill.

Fort Worth, Oct. 21.—President Neill of the Texas Farmers' union has received a threatening letter from a person signing himself "Night Rider," dated Abilene, but mailed at Dallas. The writer wants to save Neill. He says the riders will compel the people to hold cotton and plant no more. It is declared that many in Neill's confidence are night riders' friends. He is warned that if any are convicted through rewards Neill will suffer. Mr. Neill declares a faction of the Farmers' union is backing the night riders.

### Rush to Gold Fields.

El Paso, Oct. 21.—The rush to the New Mexico gold fields is similar to the California stampede in 1849. The new fields are near Sylvanite. Last week what was a barren prairie is now a town of 700. El Paso supply men are swamped with telegraph orders for bedding, tents and provisions. Gold nuggets have been found on the surface 200 miles distant. El Pasoans are joining the rush.

### Suit Against President.

Guthrie, Oct. 21.—It is announced Governor Haskell will file his suit against President Roosevelt in a court outside of Oklahoma, likely Missouri, to avoid the protest that fairness could not be secured in this state. The same attorneys who have the Hearst suit will be employed—Reed, Conkling & Lozier of Kansas City.

### Governor Reticent.

Palestine, Tex., Oct. 21.—Governor Campbell was asked if he would make a requisition upon the Massachusetts governor for H. Clay Pierce and intimate such course probable, but could not say definitely. The governor is reticent upon the subject.

### Elevator Fire Destroyed.

Denver, Oct. 21.—Fire, evidently of incendiary origin, destroyed the elevator of the Hungarian Mills company. Loss is \$450,000. In the elevator was stored 400,000 bushels of wheat, which was consumed. Fires had been started at several places in the structure.

### Negro Clerk Given Damages.

Sherman, Tex., Oct. 21.—T. B. Bush, a negro mail clerk secured \$400 damages in district court today against the Houston and Texas Central Railway company. He claimed he was assaulted while a passenger at Groesbeck by a baggage man.

### Fire at Hillsboro.

Hillsboro, Tex., Oct. 21.—Fire caused \$5,000 damage in the business section, destroying T. S. Baker's livery stable and Allreds paint house. Other buildings were endangered. Partially insured.

### May Lose Sight of Eye.

Denton, Tex., Oct. 21.—Mrs. G. W. Ballard is likely to lose the sight of an eye because of the alleged mistake of a Dallas physician, who in extracting a cinder injected carbolic acid in her eye instead of cocaine.

### Jailed at Palo Pinto.

Palo Pinto, Tex., Oct. 21.—Paddy Nelson, charged with shooting B. Olliers at Lyra, was jailed here in default of \$1,000 bond. Fifty-four shot pierced the body of Olliers.

### Badly Mangled.

Texarkana, Oct. 21.—Isaac Williams, a negro, was struck by a Texas and Pacific train on Sulphur River bridge. He was badly mangled, but may live.
